Manufacturer's big Sample line of Women's Coats and Suits at Hunt's tomorrow.

Mr. and Mrs. J. W. Porter of Winchester were guests of Mr. and Mrs. J. Wesley Lee yesterday. They were en route home from attending the funeral of Mrs. Porter's brother, J. N. Lee, at Lewisburg.

In the County Court yesterday a paper purporting to be the last will and testament of Mrs. H. A. Kirk was produced and filed and proven by testimony of Leon Patterson and Charles B. Pearce. C. C. Calvert and C. C. Coburn were appointed Executors, with Leon Patterson and Dr. E. C. Dimmitt sureties.

Miss Harriet Johnson gives a bowling party this morning complimentary to Miss Lida Rogers, whose engagement to Mr. Darlington Fee has just been announced.

Friday afternoon from 2:30 to 4, Miss Mary Noyes will entertain with a tea in honor of Miss Rogers.

Miss Emma Campbell has asked a few of the intimate girlhood friends of Mrs. C. G. Lender to meet her this afternoon.

CHARLES CRAWFORD.

Mr. Charles Crawford, former policeman, and for the past few years Engine Inspector for the C. and O. Railroad at Covington, was found Sunday night unconscious in the basement of the C. and O. office in that city.

He was removed to his home, where he died yesterday morning, aged 45.

Deceased was the only surviving son of Mrs. George N. Crawford of this city.

When his father died here a few weeks ago he was unable to attend the funeral, owing to the critical illness of a daughter with typhoid fever; and when the news of his death was yesterday telegraphed to his mother she thought it must be a mistake—that the daughter was meant—as no word had been received of his illness.

Surviving are the wife and four children.

JUDGE THOMAS MARSHALL.

Judge Thomas Marshall, eldest son of the late Colonel Charles A. Marshall of Washington, died Sunday at his home in Salt Lake City, aged about 70.

He had held many positions of trust, and at the time of his death was President of the Central Pacific Railway Company.

Mr. Marshall was born at Washington, this county, and in early manhood was a Deputy in Circuit Clerk's office under Colonel Sam W. Owens.

He went to Salt Lake City to reside at the close of the Civil War, and that was ever after his home.

A brother, Colonel William L. Marshall, a member of the Engineer Corps, U.S. Army, now stationed in New York City, surveyed Marshall Pass over the Rocky Mountains, and it was named in his honor.

MRS. LIZZIE RYE.

Mr. R. H. Wallace last evening received a telegram announcing the death of Mrs. Lizzie Rye at her home at Georgetown, O.

Mrs. Rye was a native of this county and was in the eightieth year of her age.

She has a number of relatives here, among them a brother, Mr. John Garrison, of Charleston Bottom, and her cousin, Mrs. R. H. Wallace of East Front street.

Go to Hunt's tomorrow to save money and get something exclusive.

Today Mr. Arthur Glascock is reported doing as well as could be expected.

John G. Zweigart was exonerated from payment of taxes on \$1,580 cash, the same not being on hand September 1st, 1905.

Chief of Police Harry A. Ort is something of a mechanic when it comes to handling a hatchet and saw. Drop in his cozy office and take a peep at his measuring blackboard he built all by his lone self. His paraphernalia for operating his Bertillon system of measurement and identification is now complete and only awaits a subject to put it to a practical test.

## COUNCIL PROCEEDINGS

The City Council met in called session last evening to hear the report of the Street Paving Committee and to transact other matters that might properly come before it.

The Clerk called the meeting to order, and on motion J. Wesley Lee was nominated for temporary Chairman, but declined, stating that he thought a member other than one of the Street Paving Committee would be more in accord with the spirit of the law, whereupon John T. Short, member from the Fourth Ward, was nominated and elected, and the temporary Chairman was made permanent.

The Clerk called the roll and all members answered to their names.

In the construction of sewers now under way the Ways and Means Committee was authorized to make out weekly payrolls in order that the men employed might be paid every Saturday afternoon.

Mr. Manchester was granted the privilege of putting down a pavement in front of his business place—Keystone Commercial Company. The Internal Improvement Committee was instructed to notify Maysville Water Co. to lower the fire plug at this point to a level with the pavement.

The Gas and Electric Light Committee was authorized to have removed the telephone and electric light poles from the center of the pavements, as they now exist, at the corner of Third and Sutton streets.

Gaebeke & Co. were granted the privilege of putting down coal scales at their business place in Poplar street.

The City Attorney having business at the Long Distance Telephone, Council recessed until his re-appearance. On his return, at the legal adviser's bidding, Council again adjourned in a body to Worthington & Cochran's law office where they listened to certain points of law read.

When again seated in Council Chamber the Chairman called for report of the Street Paving Committee, whereupon member Dodson arose and read the following resolution—

Whereas, Hinkle and Sullivan having given the City of Maysville notice, that they cannot construct in 120 days Second street from the West side of Wall East to the East building line of Market street, and Third street from West building of Wall street to Eastern building line of Bridge street and comply with their contract with the said City of Maysville, said notice is in words and figures as follows—

[This notice was printed in full in yesterday's LEDGER—EDITOR.]

Now, be it resolved by the Board of Council of the City of Maysville, That the contract entered into between Hinkle & Sullivan and the City of Maysville to construct and pave with vitrified brick block from Third street from the West line of Wall street to the East line of Bridge street, and Second street from the West line of Wall street to the East line of Bridge street be and the same is hereby annulled and the City Engineer and Committee on Paving and are hereby authorized to take charge of said streets.

The resolution was adopted with three dissenting votes—Coohey, Greenlee and Hunsicker. On motion Council adjourned.

It's a big thing, that Sample Sale at Hunt's.

The Ladies' Mite Society of the Third Street M. E. Church will hold a regular session at the home of Mrs. Charles Wetzel Wednesday afternoon at 2:30. Election of officers and other important business. A full attendance required.

Under the circumstances the Street Paving Committee will act wisely in deferring the work on Second street until next spring; and then a new contract should be let, embracing two or three additional squares. From start to finish—at least as far as the present work has gone—the management has been a dismal failure.

Godfrey Hunsicker, proprietor of the Maysville Coal Company, has fifteen teams hauling coal and sand and cannot keep up with his orders.

Nando Felty, ex-City Marshal, through Attorneys W. J. A. Rardin of Greenup and Allan D. Cole of this city, has filed suit in the Circuit Court against the town of Greenup for \$770 damages, alleging he was damaged that amount by a breach of contract. After his defeat for City Marshal by Jesse D. Wilson, the Board of Trustees hired him for night watchman. After serving two months he was discharged, and he alleges a yearly contract was made, hence the suit.

It's dangerous to call a man a liar in Mississippi. A few days ago GEORGE SORRELL paid that compliment to a fellow-citizen at Dossville; whereupon Mr. Doss, who probably owned the town, slapped his face,—and Mr. SORRELL went off and died.

THE Democratic Campaign Text-book has not a word to say about BRYAN, 16 to 1 or Imperialism. It has not a word to say about Government Ownership. It has little to say about anything except that we are enjoying too much prosperity.

A WITNESS in a case in the Hawaiian Court recently was named KAIKINAKAOILILIKEA LE-NOIKAINAKAHIKIKIAPUOKALANI. If that fellow should ever happen this way, Judge HARBESON would have to adjourn Court for dinner while Colonel IKE WOODWARD administered the oath to all of him.

THE total deposits in the Kansas Banks, as shown by the Bank Commissioner's statement, is more than \$140,000,000, or \$105 for every man, woman and child in the state. The increase in deposits for six months is more than \$10,000,000. These were made largely by farmers. This "unprecedented prosperity" is probably due to Mr. BRYAN's candidacy for the Presidency on the platform that the Government shall buy up and run \$14,000,000,000 worth of railroads.

PHILADELPHIA may be "slow" in the eyes of some; but she has set the pace for successful collections in the Churches. Ebenezer M. E. Church was crowded to the sidewalk a few Sunday evenings since when a dozen pretty young women assumed their duties as ushers and also took up the collection. Many of the strangers present were young men. The young women were gowned in white and performed their duties gracefully. Each girl turned in her plate heaped with silver coins and notes.

AT Colorado Springs one FRANK T. HUGHES was found guilty of perjury in swearing that he was injured \$10,000 worth in a railroad wreck, when, in fact, he was at the time working in a mine twenty miles away, and was given a term of five years in the Penitentiary. How different in old Kentucky! The Honorable GEORGE FRANKLIN WEAVER, a tramp barber, swore he was in Frankfort when GOEBEL was shot, and saw the gun-barrel sticking out of CALEB POWER's window, when, in fact, he was at the time attending a Lodge meeting seventy miles away. However, just to make a bluff at fairness, he was indicted for perjury,—and the prosecution has never been able to find hair or hide of him since.

"Haven't we, though? Shure, many's the time I've gathered the eggs o' them."

Apparently heart disease was the cause of death.

One of the largest amounts paid in customs duty at the port of New York in several years on articles fully declared and brought in by an individual was paid by Mrs. Collis P. Huntington when she arrived last week. She declared merchandise worth \$32,000, bought in Europe, of which \$27,000 represented two articles of jewelry. The duty amounted to about \$20,000. Mrs. Huntington holds the record for paying the largest cash amount of duty on declared articles ever handed over to Government officials on the dock. It was \$32,000 in 1901.

**How Mr. Kehoe Tried to Throw Out Mr. Bennett's Votes**  
**Honest Democratic Judges, Circuit and Appellate, Refused to Sanction the Scheme**  
  
HON. J. B. BENNETT.  
Greenup Gazette.  
At the earnest request of a number of readers who failed to preserve it on its former publication, we reproduce the article in which a short history of Kehoe's attempt to steal the office from Bennett in 1904, is set forth: In the election of 1904, when Judge Bennett defeated Kehoe by a small but decisive majority after a manly and honorable fight, there were two Precincts in which slight irregularities occurred. In the Grange City Precinct in Fleming county the election officers forgot to properly subscribe the certificate in the back of the ballot book. The other three certificates, for which the law provides, were properly filled and signed. The election had been orderly. The vote stood 60 for Bennett and 60 for Roosevelt, showing that the returns had not been padded. Besides, the Democratic Precinct election officers went before the County Commissioners and asked that they be allowed to sign the ballot book, since their error was so slight and so clear to all. The County Commissioners refused to let them sign, would not count the 60 votes, and met in Flemingsburg at midnight to make out their certificate, mailing it at Johnson's Junction, nearly six miles away.  
Judge Bennett brought suit for an injunction to compel the vote to be counted. Kehoe employed Attorneys to resist the suit, and his personality was behind the move from beginning to end.  
A Democratic Judge—Judge J. P. Harbeson—decided the case in favor of Bennett. The case was carried up to the Appellate Court and Judge Paynter refused to sit, turning it over to Judge Nunn. Judge Nunn called in the full Bench, and the Court in its decision sustained the Lower Court, forcing the Commissioners to give the 60 votes to Bennett.  
In Harrison county practically the same kind of contest was made, save that in this instance, instead of failing to sign the certificate, the officers left out the number of Bennett's votes on one of the four certificates.  
Judge Fryer, Democrat, decided the case in Bennett's favor, and again the Court of Appeals sustained the Lower Court in granting the injunction.  
The blame can be laid on neither election officers nor Election Commissioners. Kehoe was behind the whole thing. He was the springing of the attempt to pilfer victory.  
He stands convicted by upright men of his own party—and the stain will stick!

WEIGHT OF COAL

How Many Pounds Does Your Dealer Give For a Bushel?

Just now there's much commotion in Louisville as to the weight of coal per bushel, as sold by dealers in that city.

Some dealers—very few, they say, by the way—give the statutory amount—76 pounds to the bushel.

Most of them give only 72 pounds to the bushel.

And just here it is not out of place to ask what standard prevails in Maysville?

And whose official business is it to look after this somewhat important matter?

And is he looking after it?

That unique character, the late "SI" Clift, in a public speech, once complimented a Maysville coal merchant by saying that he could put 80 bushels of coal in a two-horse wagon, and would have put in even more, but his clerk insisted that there was danger of breaking the wagon down!

And the story goes that a new candidate for the sale of coal in this city once got an order to put 1,000 bushels in a cellar that had for many years been "filled" by an "old hand" at the

business. When the new man had put in 500 bushels the cellar was "full up," and he went to his customer to inquire where he should put the remaining 500 bushels.

Then the coal buyer saw a great light! While on the subject of weights, it may not be amiss to print what the Kentucky law is.

**The Bushel in Kentucky.**  
Section 4821 of the Kentucky Statutes says:

The following weights constitute a bushel of each article named respectively:  
Wheat—60 pounds.  
Shelled corn—56 pounds.

BABY COVERED WITH SORES

Would Scratch and Tear the Flesh Unless Hands Were Tied—Wasted to a Skeleton—Awful Suffering for Over a Year—Grew Worse Under Doctors—Skin Now Clear.

WOULD HAVE DIED BUT FOR CUTICURA.

"My little son, when about a year and a half old, began to have sores come out on his face. I had a physician treat him, but the sores grew worse. Then they began to come on his arms, then on other parts of his body, and then one came on his chest, worse than the others. Then I called another physician. Still he grew worse. At the end of about a year and a half of suffering he grew so bad I had to tie his hands in cloths at night to keep him from scratching the sores and tearing the flesh. "He got to be a mere skeleton, and was hardly able to walk. My Aunt advised me to try Cuticura Soap and Ointment. So great was her faith in it that she gave me a small piece of Soap to try and a little of the Ointment. I took it home without any faith, but to please her I tried it, and it seemed to dry up the sores a little. "I sent to the drug store and got a cake of the Soap and a box of the Ointment and followed the directions, and at the end of about two months the sores were all well. He has never had any sores of any kind since. "He is now strong and healthy, and I can sincerely say that only for your most wonderful remedies my precious child would have died from those terrible sores. ### WORK THAT TELLS.

Plenty of It Has Been Done Right Here in Maysville

Cures that last are cures that tell. To thoroughly know the virtues of a medicine you must investigate the cures and see if they prove permanent. Doan's Kidney Pills stand this test and plenty of proof exists right here in Maysville. People who testified years ago to relief from backache, kidney and urinary disorders, now declare that the relief was permanent and the cure perfect. How can any Maysville sufferer longer doubt the evidence?

C. L. Hubbard, employed in Cabell's grocery, Cox Building, and living at 325 West Third street, Maysville, Ky., says:

"As stated in a testimonial given in 1900, Doan's Kidney Pills brought me positive relief from inflammation of the bladder and a disturbed action of the kidneys. After some time I felt a slight return of the trouble but again used Doan's Kidney Pills and again found complete relief. Now, after nearly five years, I feel able to recommend Doan's Kidney Pills with even greater confidence than before. The results of its use in my case have been very satisfactory. I got the remedy at J. James Wood & Son's Drugstore."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

## How It Doesn't Work

### EIGHT HOUR LAW HURTFUL!

Won't Let Men Work as Long as They Want

Consequently Over 200 Laborers  
Throw Up a Government Job,  
Seriously Delaying Work

Cincinnati Times-Star.

The effect of the indictment returned recently by the Federal Grand Jury and which charges the Sheridan-Kirk Contract Company with working its men over eight hours a day on the new Government Locks and Dam in the Ohio at Fernbank, in violation of the eight-hour law, has assumed a serious condition. Over 200 of the Company's men did not appear for duty Saturday and the Company is rendered practically helpless as a result.

Before the Government decided to make a test case of this alleged violation, workmen on the dam and locks were permitted to work as many hours as they pleased. The majority, in fact, all but a very few, worked from ten to twelve hours each day. The Company is paying its men at the rate of 20 cents an hour, and those men were accordingly earning from \$2 to \$2.40 a day.

After the indictment was returned against the Company the men were permitted to work only eight hours a day, in compliance with the Federal laws.

No sooner had the hours been cut down than the laborers began leaving the works and seeking employment elsewhere, claiming they could make only \$1.60 a day on the dam and that elsewhere they could make more.

So many of the Company's employees left the first few days after the eight-hour law was en-

forced that affairs commenced to assume a very serious aspect. The Company then determined to permit the men to work as many hours as they pleased, as they had done before the indictment was returned. Accordingly, the few men who remained at work, and all others who left and could be induced to return, are now working from ten to twelve hours a day. Some of the laborers who left secured work at once and at higher prices, and the Company has not been able to induce them to return.

The Company had been employing 400 men on the work.

Saturday morning there were but 196 on duty. There have been day and night shifts. With the comparatively small number of men now at its command, the Company is scarcely able to make any appreciable progress on the mammoth work before it.

The Company gave a \$240,000 bond guaranteeing that it will perform the work in 300 working days.

To accomplish the work within the timelimit, the Engineers of the Company calculate there must be 200 or more laborers at work every hour of the day.

Two shifts of 200 men each were recently gotten together, and things were going on nicely when the Government upset the work with an indictment.

Thomas A. Sheridan, Manager of the work, who was indicted along with the Company, stated to The Times-Star Saturday that 100 of the 300 working days allowed by the contract have been consumed in the construction of the dam and locks, but the work is not nearly one-third completed. He said he is unable to secure enough men, and that unless matters are settled soon and the Company is permitted to let its men work as long as they wish, the Company will not have nearly completed its work within the specified time and that it will accordingly suffer a severe loss.
